RE: Case NO. 95-263

Dear Mr. Director:

Grayson R.E.C.C. has no objections with United States Cellular Mobile Telephone Network installing a cellular facility adjacent to our facilities. However, we request United States Cellular be responsible for any radio interference with our communications and correct any said problems at their expense. We also request access to our facilities be provided. The proposed facilities will enclose our equipment inside the proposed fenced area.

If we need to make further comment, I can be reached at (608) 474-5138.

Sincerely,

Don Combs
